

## INTERNATIONAL MASTER DEGREE

**PROGRAM DURATION**  
2 Years

**START DATE**  
October

**CREDITS**  
120 ECTS

**LANGUAGE**  
English

**LOCATION**  
Milan, Italy

**TUITION**  
Foreign students with  
a Bachelor Degree  
(earned abroad) who  
enroll in AEPS Master  
Degree will be entitled  
for the following be-  
nefits:  
1st YEAR  
Full fee waiver  
2nd YEAR  
€ 500,00

University of Milano-Bicocca — Department of Psychology

# APPLIED EXPERIMENTAL PSYCHOLOGICAL SCIENCES (AEPS)

## DESCRIPTION OF THE COURSE

MSc. Degree in Applied Experimental Psychological Sciences (AEPS) offered by the Department of Psychology at the University of Milano-Bicocca is a new innovative two-year study program that focuses on the application of advanced knowledge in psychological sciences to address relevant human needs and tackle diverse issues in a range of contexts and domains. The goal of the program is to teach cutting-edge perspectives on the cognitive, social, emotional, and neural processes underlying human thought, behavior, language, knowledge, and decision-making. The program will help AEPS graduates acquire advanced theoretical and empirical knowledge, strong transferable methodological research skills, with a specific focus on application of these skills, combining flexibility (e.g., the methodological research skills can be applied to a wide range of contexts) and specificity (e.g., they are applied to a specific issue during the course).

## CAREER PATH

The expertise gained through the program will open a range of career paths for our graduates to pursue careers both nationally and internationally, across academia as well as private and public sector. The program also provides a foundation for undertaking doctoral studies.

## COURSE DIRECTOR

Prof. Marco PERUGINI

## CURRICULUM

### First year courses (64 ECTS)

Cognitive Neuroscience 6 ECTS +2 ECTS E-Prime\*  
Cognitive Psychology 6 ECTS + 2 ECTS Matlab\*  
Social Cognition 6 ECTS + 2 ECTS Inquisit\*  
Psychometrics and Quantitative Methods 6 ECTS  
+2 ECTS R\*  
Cognitive Development 8 ECTS  
Experimental Clinical Psychology 8 ECTS

#### Two of the following laboratory courses

Research Methods in Cognitive Neuroscience:  
Measurement methods and ambulatory assessment  
Computational Modeling  
Cognitive and Behavioral Measures

Elective course 8 ECTS - Students are free to choose from the course offered at Milano-Bicocca University.

*\* These four courses have lab activities equivalent to 2 CFU (16 hours) each, which provide basic skills in programming experimental (Matlab, E-Prime, Inquisit) and statistical (R) software.*

### Second year courses (56 ECTS)

#### Three of the following

Cognitive Ergonomics  
Decision Making  
Applied Neuroscience  
Applied Cognitive Development  
Applied Social Cognition  
Applied Psycholinguistics  
Social Cognitive and Affective Neuroscience  
Consumer Psychology  
Games and Economic Behavior  
Elements of Human -Technology Interaction

Transferable Research Skills Laboratory 4 ECTS  
Evaluation of Psychological Interventions Laboratory 4 ECTS

Internship 8 ECTS, 200 hours: *students can choose between an academic research internship in Italy/abroad or a professional research internship.*

Dissertation 16 ECTS
